REMEMBER

that disease arises from within the body and the remedy needful to remove disease is within the body: get the remedial power into play and the cause of disease is removed. All that is necessary to keep this power to work is to keep the pressure of nerves, keep the backbone limber.

Chiropractic adjustments take pressure off nerves. For over two years I have proved the above to be a fact, done by practice in Calumet.

Call on me today, and I will tell you candidly what I can do for you.
